

February 26, 2018

Dear PCS families,

Last week the church and school leadership shared the difficult decision to close the school after this school year. This has been a gut-wrenching decision for all involved and foremost in our minds has been the impact this would have on the families that we serve and the employees that would be impacted. Everyone is committed to making this the best third and fourth quarters that we can for the benefit of the children.

Recognizing that one of your primary concerns will be where your child attends school next year, our front office has information packets available from the following Christian Schools in our area:

- Evangelical Christian School
- Fort Myers Christian School
- Summit Christian School
- Classical Christian Academy

We have a limited number immediately available but can access more upon request. Both ECS and FMCS are currently making special offers to PCS families regarding registration fees, tuition discounts, and financial aid.

You can also access information on registering in the Lee County Public School System at <http://www.leeschools.net/studentopenenrollment>.

Both the private schools and public student assignment office will require similar documents to register, such as:

- Photo ID, Original Birth Certificate, and Social Security Card
- Health Examination (Physical) and Florida Certification of Immunizations
- Proof of Address and Proof of Custody (If child does not live with natural parents)
- Name and Address of last school and last report card (if applicable)
- Copy of IEP (Individual Education Plan) (if applicable)

More detailed information can be located at <http://www.leeschools.net/new-to-district-registration-requirements>.

I'm available to answer any questions or concerns you may have as you process this and any future information. Please don't hesitate to contact me.

In Christ,

Jami L. Hommerbocker
Head of School
